periodicity: Daily, Weekly, Monthly and Quarterly. Weekly STRIP will not be allowed, if the STRIP under the folio is already registered with any other frequency (Daily / Monthly / Quarterly).
c. <b>Transfer of funds:</b> Transfer of funds will take place from source scheme to destination scheme for the schemes mentioned above in the table.
<ul> <li>d. Date of transfer: Unitholders will be eligible to transfer a fixed amount on daily basis i.e. on every business day under Daily periodicity; on any pre-specified date frequency of the month under</li> </ul>
Weekly periodicity; on any pre-specified date of each month under the Monthly periodicity and on any pre-specified date of the first month of each quarter, under Quarterly periodicity. If that day being
a holiday, next business day would be considered for the transaction. However, if in any month, the STRIP date opted by the Investor is
not available (Say, 29th & 30th in February and 31st in case of alternate months), then the STRIP for those dates shall be processed for the last available Business Day in that month.
<ul><li>STRIP will be registered and activated within T+1 working day from the date of clear funds available under the scheme.</li><li>e. Minimum amount of transfer: The minimum amount to be</li></ul>
transferred is Rs.100/- per business day under Daily Periodicity; Rs.1000/- under the Weekly Periodicity; Rs.1,000/- under the Monthly Periodicity and Rs.3,000/- under the Quarterly Periodicity.
f. <b>Maximum amount of transfer</b> : There is no upper limit for transfer under all the periodicities.
g. <b>Minimum number of STRIP:</b> Minimum number of STRIP will be 20 under Daily Periodicity, 6 under Weekly Periodicity, 6 under Monthly Periodicity and 2 under Quarterly Periodicity. There will be no upper limit. If the minimum number is not mentioned, then by default, the transaction to be continued till the amount in the source scheme gets exhausted.
h. Transfer of amount: The transfer of amount from the source scheme to the destination scheme will be effected by redeeming the units of the source scheme at applicable NAV as on specified date and the amount will be converted into units as per applicable NAV under the destination scheme as on the specified date.
<ul> <li>Load: Load structure existing at the time of investment under source / destination scheme will be applicable under the respective schemes.</li> </ul>
j. <b>Termination of STRIP:</b> STRIP will automatically get terminated under the following conditions:
<ul> <li>The unit holdings under the source scheme becomes nil or lower than minimum amount to be transferred as stipulated.</li> <li>➤ In the case of death of the first unit holder.</li> </ul>
If the unit holder wishes to terminate at any time by sending a written request to official points of acceptance. Such notice will have to be sent at least 15 calendar days prior to the due date of the next transfer date.
If lien or pledge or STOP is marked against the units in the source scheme.

<ul> <li>k. The provision of "Minimum Application Amount" and "Minimum Redemption Amount" if specified in the respective scheme information document of the source and destination scheme will not be applicable in the case of transaction through STRIP. If the residual amount in source Scheme is less than the scheme minimum amount, then the residual amount will be included in the last STRIP installment. However, on termination of STRIP, if the balance in the destination scheme is found to be below the minimum amount as per the provisions of scheme, the same will be redeemed at the redemption price applicable on the effective date of termination under the conditions stated in 12.j. above.</li> <li>1. STRIP request will be registered for a folio, even if it is already under Systematic Investment Plan (SIP), Monthly Withdrawal Plan (MWP) or Fixed Withdrawal Plan (FWP).</li> </ul>

5	Debt Instruments with Special Features (AT1 and AT2 Bonds)
6	Debt instruments with SO/ CE rating
7	Repo/ Reverse repo transactions in corporate debt securities
8	Credit default Swap transactions
9	Covered call options

The net assets of the scheme will be invested in stocks constituting the underlying index. This would be done by investing in the stocks comprising of the index. The Scheme may take an exposure to equity derivatives of constituents of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions or for hedging purposes, as permitted subject to rebalancing within 7 days or as specified by SEBI from time to time. The exposure of scheme in derivative instruments shall be upto 20% of the net assets of the scheme.

Subject to the SEBI (Mutual Funds) Regulations, 1996 and in accordance with Securities Lending Scheme, 1997, provision no. 12.11.1 para 12.11 under Chapter 12 of SEBI Master Circular for Mutual Funds dated June 27, 2024 as may be amended from time to time, the Scheme may engage in short selling, borrowing and lending of securities. The AMC shall adhere to the following limits for Stock Lending:

1. Not more than 20% of the net assets of a Scheme can generally be deployed in Stock Lending.

2. Not more than 5% of the net assets of a Scheme can generally be deployed in Stock Lending to any single approved intermediary / counterparty.

Being an Equity Index Fund, scheme does not intend to invest in structured obligations and credit enhancements, Debt Instruments with Special Features (AT1 and AT2 Bonds), Commodity Derivatives, Repo in Corporate Debt, Debt Derivatives instrument and REIT & InVIT Instrument.

The scheme may invest in Mutual Fund units subject to the prevailing regulatory limits of aggregate inter scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company which shall not exceed 5% of the net asset value of the mutual fund

The cumulative gross exposure through equity, debt, derivative positions, repo transactions and such other securities / assets subject to Regulatory approvals, if any, as may be permitted by the SEBI from time to time should not exceed 100% of the net assets of the scheme.

The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. The tracking error i.e. the annualized standard deviation of the difference in daily returns between the underlying index or goods and the NAV of the scheme based on past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. For Index Fund in existence for a period of less than one year, the annualized standard deviation shall be calculated based on available data. The scheme shall disclose the tracking error based on past one year rolling data, on a daily basis, on the website of AMC and AMFI.

The net subscription amount on any day will be invested in stocks of companies comprising the underlying Index and will be as per Regulation 44(1), Schedule 7 of the SEBI (Mutual Funds) Regulations, 1996.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the scheme as stated above, the funds of the Scheme may be invested in short term deposits of scheduled commercial banks in accordance with provision no. 12.16.1 of para 12.16 under Chapter 12 of SEBI Master Circular for Mutual Funds dated June 27, 2024

#### Change in Asset Allocation Pattern / Portfolio rebalancing

Short Term Defensive Consideration: In accordance with the provision no. 1.14.1.2 of para 1.14 under Chapter 1 of SEBI Master Circular for Mutual Funds dated June 27, 2024. the above investment pattern is only indicative and may be changed by the Fund Manager for a short term period on defensive considerations as applicable under SEBI (MF) Regulations 1996 and circular issued thereunder, the intention being at all times to seek to protect the interests of the Unit Holders. Rebalancing of the portfolio will be done when the asset allocation falls outside the range given above. If the exposure falls outside the above mentioned asset allocation pattern, it will be restored within 7 calendar days or as specified by SEBI from time to time.

Portfolio Rebalancing / Replication Norms:: As per provision no. 3.6.7 under Chapter 3 of SEBI Master Circular for Mutual Funds dated June 27, 2024, in case of change in constituents of the index due to periodic review, the portfolio of Index Funds be rebalanced within 7 calendar days or as specified by SEBI from time to time.

Any transactions undertaken in the scheme portfolio of UTI Nifty200 Quality 30 Index Fund in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time

The AMC may create segregated portfolio in case of a credit event in respect of debt and money market instruments at issuer level i.e., downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA). (subject to guideline specified by SEBI which may change from time to time).

The creation of segregated portfolio shall be optional and at the discretion of UTI AMC.

# **B.** WHERE WILL THE SCHEME INVEST?

As per Regulation 43(1) of SEBI (Mutual Funds) Regulations, the mutual funds can invest in

- The net assets of the scheme will be invested in stocks constituting the underlying index. This would be done by investing in the stocks comprising the index. The scheme shall endeavour to maintain the same weightage they represent in the index or investing in derivatives on the said index. The Scheme may take an exposure to equity derivatives of constituents of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions or for hedging purposes, as permitted subject to rebalancing within 7 days.
- Money market instruments rated not below investment grade [as permitted by SEBI and or RBI (including CPs, CDs and Triparty Repo on Government Securities or treasury bills).
- Derivatives traded on recognized stock exchanges, only for hedging and portfolio balancing with underlying as securities.
- Units of Liquid Mutual Fund.
- Pending deployment of funds, in short term deposits with Scheduled Commercial banks.
- Such other securities/assets as may be permitted by the SEBI from time to time subject to Regulatory approval if any.

# C. WHAT ARE THE INVESTMENT STRATEGIES?

#### Investment focus and asset allocation strategy

The scheme is a low-cost index Fund which tracks the Nifty200 Quality 30 Index passively. The scheme endeavors to achieve return equivalent to underlying index while minimizing tracking error.

UTI Nifty200 Quality 30 Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme.

A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements. Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index.

As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. The Scheme intends to use derivatives for the purpose of hedging and portfolio balancing.

# D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme will be benchmarked against Nifty200 Quality 30 TRI as the scheme tracks the Nifty200 Quality 30 Index passively. The composition of the aforesaid benchmark is such that it is most suited for comparing the performance of the scheme

The benchmark selected is in line with provision for selection of benchmark "For Index Funds", as prescribed under clause 1.9.2 of para 1.9 under Chapter 1 of SEBI Master Circular for Mutual Funds dated June 27, 2024.

# G. HOW HAS THE SCHEME PERFORMED?

This scheme is a new scheme and does not have any performance track record

# **Part III – OTHER DETAILS**

# A. COMPUTATION OF NAV

NAV = -----

- (a) The Net Asset Value (NAV) of the scheme shall be calculated by determining the value of the scheme's assets and subtracting therefrom the liabilities of the scheme taking into consideration the accruals and provisions. NAV shall be declared separately for the different Plans and Options of the scheme.
- (b) The NAV per unit of the scheme shall be calculated by dividing the NAV of the scheme by the total number of units issued and outstanding on the date of calculation under the scheme. The NAV shall be rounded off upto four decimal places for the scheme.

NAV of the Units under the Scheme shall be calculated as shown below:-

Market or Fair Value of Scheme's investments + Current Assets - Current Liabilities and Provision

No of Units outstanding under Scheme on the Valuation Date

The NAV under the Scheme would be rounded off to 4 decimals and Units will be allotted upto three decimal places or such other formula as may be prescribed by SEBI from time to time.

# Methodology for Calculation of Sale and Re-purchase price of the units of mutual fund scheme i) In case of Purchase of mutual fund units

As per existing regulation, no entry load is charged with respect to applications for purchase / additional purchase of mutual fund units. Therefore, Computation of Sale Price is as below:

NAV	10.00
Entry Load	Not Applicable
Sale Price	10.00

This also means, Sale Price = NAV as on date of investment

## ii) Redemption/ Repurchase of mutual fund units

In case of redemption, repurchase price is calculated as below Repurchase Price = NAV as on date of redemption - exit load (if applicable)

## iii) Illustration showing how repurchase price is calculated under 2 different scenarios-

Amount Invested- Rs.10,000/-Date of Investment- 1st April 2022 NAV as on date of investment- Rs.10/- per unit Exit load- For exit on or before 12 months from the date of allotment- 1% For exit after 12 months from the date of allotment- Nil No of units allotted at the time of purchase

- (c) A valuation day is a day other than (i) Saturday and Sunday (ii) a day on which both the stock exchanges (BSE and NSE) and the banks in Mumbai are closed (iii) A day on which the purchase and redemption of units is suspended. If any business day in UTI AMC, Mumbai is not a valuation day as defined above then the NAV will be calculated on the next valuation day and the same will be applicable for the previous business day's transactions including all intervening holidays.
- (d) The Mutual Fund shall declare the Net asset value separately for both the Plans by 11 p.m. on every business day on the website of UTI Mutual Fund, www.utimf.com and on AMFI's website www.amfiindia.com.The Mutual Fund shall prominently disclose the NAVs of the scheme under a separate head on the website and on the website of Association of Mutual Funds in India (AMFI). Further, the Mutual Fund will extend facility of sending latest available NAVs to unit holders through SMS, upon receiving a specific request in this regard.

# **B.** NEW FUND OFFER (NFO) EXPENSES

All New Fund Offer expenses would be borne by AMC.

# C. ANNUAL SCHEME RECURRING EXPENSES

(a) These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below;

The AMC has estimated that upto 1.00 % of the daily net assets of the scheme will be charged to the scheme as expenses. The current expense ratios would be updated on the website of UTI Mutual Fund at least three working days prior to the effective date of the change. Investors can refer <u>https://www.utimf.com/downloads/fater-mfs</u> and website of AMFI namely www.amfiindia.com for Total Expense Ratio (TER) details.

(b) The total expenses of the scheme including the investment management and advisory fees shall not exceed one percent (1.00%) of the net assets.

**Note:** Direct Plan (investment not routed through a distributor) under the scheme shall have a lower expense ratio excluding distribution expenses, commission etc. and no commission shall be paid from such Plan. Portfolio of the Scheme under the Regular Plan and Direct Plan will be common.

The TER of the Direct Plan will be lower to the extent of the distribution expenses/ commission which is charged in the Regular Plan.

All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a Regular Plan.

The purpose of the table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se. Types of expenses charged shall be as per the SEBI (MF) Regulations.

# Total Expense ratio (TER) and Additional Total Expenses:

# (i) Charging of additional expenses #

1. Additional TER shall be charged up to 30 bps on daily net assets of the scheme if the new inflows from Retail Investors beyond top 30 cities (as per SEBI Regulations/Circulars/AMFI data) are at least

(a) 30% of gross new inflows from Retail Investors in the scheme or (b) 15% of the Average Assets under Management (year to date) of the scheme, whichever is higher. The additional TER on account of inflows from Retail Investors beyond top 30 cities so charged shall be clawed back in case the same is redeemed within a period of 1 year from the date of investment. The same can be used only for distribution expenses incurred for bringing inflows from such cities.

2. In case inflows from Retail Investors beyond top 30 cities is less than the higher of (a) or (b) above, additional TER on daily net assets of the scheme shall be charged as follows:

[(Daily net assets) X (30 basis points) X (New inflows from Retail Investors from beyond top 30 cities)]

365\* X Higher of (a) or (b) above

\* 366, wherever applicable.

Retail investors would mean individual investors from whom inflows into the Scheme would amount upto Rs. 2,00,000/- per transaction.

- 3. The 'AMC fees' charged to the scheme with no sub-limits will be within the TER as prescribed by SEBI Regulations.
- 4. In addition to the limits indicated above, brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps for cash market transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996
- 5. # SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMCs to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice.

#### (ii) Goods and Services Tax (GST)

- 1. UTI AMC shall charge GST on investment and advisory fees to the scheme in addition to the maximum limit of TER.
- 2. GST on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER.
- 3. GST on entry/exit load, if any, shall be paid out of the load proceeds. Exit load, net of GST, if any, shall be credited to the scheme.
- 4. GST on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under SEBI Regulations.

#### (iii) Investor Education and Awareness

UTI Mutual Fund (UTI MF) shall annually set apart 1 bps on daily net assets within the maximum limit of TER for investor education and awareness initiatives.

#### (iv) Illustration of impact of expense ratio on scheme's returns

Simple illustration to describe the impact of the expense ratio on returns of the scheme.

F	Total NAV after charging expenses (C-D-E)	11200	11250
G	Net returns to investor	12.0%	12.5%

• As per SEBI Regulation expenses are charged to the scheme on daily basis on daily net assets and as per percentage limits specified by SEBI.

- The illustration is to simply describe the impact of expenses charged to the Scheme on schemes returns and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- The above calculations are based on assumed NAVs, and actual returns on investment would be different.

## (v) Change in expense ratio

AMCs shall prominently disclose on a daily basis, the TER (scheme-wise, date-wise) of all schemes under a separate head – "Total Expense Ratio of Mutual Fund Schemes" on their website and on the website of AMFI in a downloadable spreadsheet format.

Any change in the base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A)(b), 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996 and Goods and Services Tax on investment and advisory fees) in comparison to previous base TER charged to any scheme/plan shall be communicated to investors of the scheme/plan through notice via email or SMS at least three working days prior to effecting such change. Provided that any increase or decrease in TER in a mutual fund scheme due to change in AUM and any decrease in TER in a mutual fund scheme due to various other regulatory requirements would not require issuance of any prior notice to the investors.

The above change in the base TER in comparison to previous base TER charged to the scheme shall be intimated to the Board of Directors of AMC along with the rationale recorded in writing.

The changes in TER shall also be placed before the Trustees on quarterly basis along with rationale for such changes.

# **D. LOAD STRUCTURE- for all classes of investors**

(1) Exit Load is an amount which is paid by the investor to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. There will not be any distinction among unit holders should be made based on the amount of subscription while charging exit loads. Any imposition or enhancement in the load shall be applicable on prospective investments only. For the current applicable structure, please refer to the website of the AMC www.utimf.com or call at 1800 266 1230 (toll free number) or (022) 6227 8000 (non toll-free number) or your distributor.

Entry Load (As % of NAV)	Exit Load (As % of NAV)
Nil	Nil

(2) In accordance with the requirements specified by the provisions 10.4.1 (a) of para 10.4 under Chapter 10 of SEBI Master Circular for Mutual Funds dated June 27, 2024 no entry load will be charged for purchase/additional purchase /switch-in accepted by the Fund. Similarly, no entry load will be charged with respect to applications for registrations under Systematic Investment Plans/Systematic Transfer Investment Plans accepted by the Fund.

Switch in/out, Systematic Investment Plan (SIP) and Systematic Transfer Investment Plan (STRIP) will also attract Load like regular Purchases and Redemption.

The AMC reserves the right to change/modify exit/switchover load, depending upon the circumstances prevailing at any given time. A load structure when introduced by the AMC may comprise of exit load and/or switchover load as may be permissible under the SEBI Regulations. The load may also be changed from time to time and in the case of an exit/redemption load this may be linked to the period of holding. The switchover load may be different for different plans. However, any such change in the load structure shall be applicable on prospective investment only.

#### The investor is requested to check the prevailing load structure of the scheme before investing.

For any change in load structure, AMC will issue an addendum and display it on the website/UTI Financial Centres.

- (3) Any imposition or enhancement of load shall be applicable on prospective investments only. At the time of changing the load structure, the Mutual Fund shall consider the following measures to avoid complaints from investors about investment in the scheme without knowing the exit load:
  - (i) The addendum detailing the changes shall be attached to the Scheme Information Document and Key Information Memorandum. The addendum shall be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Document and Key Information Memorandum already in stock.
  - (ii) Arrangements shall be made to display the addendum in the Scheme Information Document in the form of a notice in all the official points of acceptance and distributors/brokers office.
  - (iii) The introduction of the exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and shall also be disclosed in the statement of accounts issued after the introduction of such load.
  - (iv) A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated.
  - (v) Any other measures which the Mutual Fund may feel necessary.

Please refer the below mentioned link for Definitions/ Interpretations: https://www.utimf.com/downloads/data-related-to-sid

#### **B. RISK FACTORS**

#### **Standard Risk Factors:**

- 1. Investment in Mutual Fund scheme Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- 2. As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down.
- 3. Past performance of the Sponsors/AMC/Mutual Fund does not guarantee future performance of the scheme.
- 4. The name of the scheme does not in any manner indicate either the quality of the scheme or its future prospects and returns.
- 5. The sponsors are not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs.10,000/- made by them towards setting up the Fund.
- 6. The present scheme is not guaranteed or assured return scheme.
- 7. Statements/Observations made in the Scheme Information Document are subject to the laws of the land as they exist at any relevant point of time.
- 8. Growth, appreciation, Income Distribution cum Capital Withdrawal (IDCW) and income, if any, referred to in this Scheme Information Document are subject to the tax laws and other fiscal enactments as they exist from time to time.
- 9. The NAVs of the Scheme may be affected by changes in the general markets conditions, factors and forces affecting capital market, in particular, level of interest rates, various markets related factors and trading volumes, settlement periods and transfer procedures.
- 10. **Credit Risk:** Bonds / debentures as well as other money market instruments issued by corporates run the risk of down grading by the rating agencies and even default as the worst case. Securities issued by Central/State governments have lesser to zero probability of credit / default risk in view of the sovereign status of the issuer.
- 11. **Interest Rate Risk:** Bonds / Government securities which are fixed income securities, run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The level of interest rates is determined by the rates at which government raises new money through RBI, the price levels at which the market is already dealing in existing securities, rate of inflation etc. The extent of fall or rise in the prices is a function of the prevailing coupon rate, number of days to maturity of a security and the increase or decrease in the level of interest rates. The prices of Bonds / Government securities are also influenced by the liquidity in the financial system and / or the open market operations (OMO) by RBI.

Pressure on exchange rate of the rupee may also affect security prices. Such rise and fall in price of bonds / government securities in the portfolio of the scheme may influence the NAVs under the scheme as and when such changes occur.

- 12. Liquidity Risk: The Indian debt market is such that a large percentage of the total traded volumes on particular days might be concentrated in a few securities. Traded volumes for particular securities differ significantly on a daily basis. Consequently, the scheme might have to incur a significant "impact cost" while transacting large volumes in a particular security.
- 13. Securities Lending: It is one of the means of earning additional income for the scheme with a lesser degree of risk. Securities lending is lending of Securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent Securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the Securities borrowed. As per provision no. 12.11.1 of para 12.11 under Chapter 12 of SEBI Master Circular for Mutual Funds dated June 27, 2024, "The SLB shall be operated through Clearing Corporation/Clearing House of stock exchanges having nation-wide terminals who are registered as Approved Intermediaries (AIs)."

The risk is adequately covered as Securities Lending & Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default. However, the Fund may not be able to sell such lent securities during contract period or have to recall the securities which may be at higher than the premium at which the security is lent.

- 14. **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- 15. Money Market Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.

# 16. Trading in equity derivatives involves certain specific risks like:

- a. Credit Risk: This is the risk of default by the counter party. This is usually to the extent of difference between actual position and contracted position. This risk is substantially mitigated where derivative transactions happen through clearing corporation.
- b. Market Risk: Market movement may also adversely affect the pricing and settlement of derivative trades like cash trades.
- c. Illiquidity Risk: The risk that a derivative product may not be sold or purchased at a fair price due to lack of liquidity in the market.
- d. An exposure to derivatives can lead to losses. Success of dealing in derivatives depends on the ability of the Fund Manager to correctly assess the future market movement and in the event of incorrect assessment, if any, performance of the scheme could be lower.
- e. Participating in derivatives is a highly specialized activity and entails greater than ordinary investment risks. Notwithstanding such derivatives being used for limited purpose of hedging and portfolio balancing, the overall market in these segments could be highly speculative due to action of other participants in the market.
- f. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- g. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.
- 17. In the event of receipt of inordinately large number of redemption requests or a restructuring of a Schemes' portfolio, there may be delays in the redemption of units.
- 18. Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly a scheme's risk may increase or decrease depending upon its investment pattern. For e.g. Corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

#### 19. Scheme specific risks factors

- a. Investors may note that AMC's/Fund Manager's investment decisions may not always be profitable, even though it is intended to generate capital appreciation and returns by passively investing in equity/ equity related securities.
- b. The value of the investments in the scheme, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or policies of any appropriate authority and other political and economic developments and closure of stock exchanges which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.
- c. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the equity and equity related investments made by the Scheme which could cause the scheme to miss certain investment opportunities. Different segments of the financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The inability of the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in a Scheme's portfolio due to the absence of a well-developed and liquid secondary market for debt securities would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in a Scheme's portfolio.
- d. The Scheme may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include, the risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Usage of derivatives will expose the Scheme to certain risks inherent to such derivatives.
- e. The scheme intends to deploy funds in money market instruments to maintain liquidity. To the extent that some assets/funds are deployed in money market instruments, the scheme will be subject to credit risk as well as settlement risk, which might affect the liquidity of the scheme.

#### f. Portfolio Concentration Risk:

Index Funds being a passive investment carries lesser risk as compared to active fund management. The portfolio follows the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking error. Thus there is no additional element of volatility or stock concentration on account of fund manager's decisions.

# g. Tracking Error and Tracking Difference Risk

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance and changes to the underlying index and regulatory restrictions, lack of liquidity which may result in Tracking Error. Hence it may affect AMC's ability to achieve close correlation with the underlying index of the Scheme. The Scheme's returns may therefore deviate from its underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the Scheme. "Tracking difference" is the annualized difference of daily returns between the index and the NAV of the Scheme.

The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error to the maximum extent possible within the limits as prescribed in provision no. 3.6.3 of para 3.6 under Chapter 3 of SEBI Master Circular for Mutual Funds dated June 27, 2024. There can be no assurance or guarantee that the Scheme will achieve any particular level of Tracking Error relative to performance of the underlying Index.

# h. Passive Investments

As the scheme proposes to invest not less than 95% of the net assets in the securities of the underlying Index, the scheme will not be actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its underlying index regardless of their investment merit. The AMC does not attempt to individually select securities or to take defensive positions in declining markets.

#### i. Portfolio Turnover policy

The scheme is a passively managed fund and therefore the portfolio turnover will be confined only to rebalancing of the portfolio on account of new subscriptions, redemptions and changes in composition of the underlying index.

- 20. Debt and Money Market securities investments under the scheme will also be subject to the following risks:
  - a. *Interest Rate Risk / Reinvestment Risk:* Scheme would manage the interest rate risk & reinvestment risk by adequately matching the duration of assets in line with the duration of the scheme.
  - b. *Credit Risk:* Scheme would primarily invest in highly rated securities where there is an internal credit comfort which would reduce the probability of credit risk.
  - c. *Concentration Risk:* The scheme would have modest presence of issuers with reasonable limits which would mitigate the credit concentration risk.
  - d. **Portfolio Risk:** By monitoring the return deviation and adequately managing all the above risks namely interest rate risk, reinvestment risk & credit cum concentration risk the scheme would mitigate the overall portfolio risk.

# 21. Risks associated with investment in units of mutual fund:

Investment in Mutual Fund Units involves investment risks, including but not limited to risks such as liquidity risk, volatility risk, default risk including the possible loss of principal.

**Liquidity risk** – The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees may limit redemptions (including suspending redemptions) under certain circumstances as specified under the Scheme Information Document.

**Volatility risks**: There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The scheme will manage volatility risk through diversification across companies and sectors within PSUs.

**Default risk** - Credit risk is risk resulting from uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest. Government Securities have zero credit risk while other debt instruments are rated according to the issuer's ability to meet the obligations.

#### 22. Risk factors associated with Creation of Segregated Portfolio -

- a. Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer.
- b. Security comprises of segregated portfolio may not realise any value.
- c. Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

#### 23. Risks Associated with scheme

- a. UTI Nifty200 Quality 30 Index Fund is a passively managed index fund i.e. the amount collected under the scheme is invested in securities of companies comprising the underlying index in the same weightages as they have in the underlying index.
- b. The composition of the underlying index is subject to changes that may be affected periodically by the Index Service Provider.
- c. Performance of the underlying index will have a direct bearing on the performance of the scheme.
- d. The extent of the Tracking error may have an impact on the performance of the scheme.

# 24. Risk factors associated with investment in Tri-Party Repo on Government Securities or treasury bill

The mutual fund is a member of securities segment and Triparty Repo on Government Securities or treasury bill trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo on Government Securities or treasury bill trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the nondefaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo on Government Securities or treasury bill trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

#### 25. Participating in Derivative Products:

#### **Derivatives:**

A derivative instrument, broadly, is a financial contract whose payoff structure is determined by the value of an underlying security, index, interest rate etc. Thus a derivative instrument derives its value from some underlying variable.

Derivatives are further classified into:-Futures Options Swaps

**Futures:** A futures contract is a standardized contract between two parties where one of the parties commits to sell, and the other to buy, a stipulated quantity of a security at an agreed price on or before a given date in future.

# **Options:**

An option is a derivative instrument, which gives its holder (buyer) the right but not the obligation to buy or sell the underlying security at the contracted price on or before the specified date. The purchase of an option requires an up-front payment (premium) to the seller of the option.

There are two basic types of options, call option and put option.

- (a) Call option: A call option gives the buyer of the option the right but not the obligation to buy a given quantity of the underlying asset, at a given price (strike price), on or before a given future date.
- (b) **Put option:** A put option gives the buyer of the option the right but not the obligation to sell a given quantity of the underlying asset, at a given price (strike price), on or before a given future date.

On expiry of a call option, if the market price of the underlying asset is lower than the strike price the call would expire unexercised. Likewise, if, on the expiry of put option, the market price of the underlying asset is higher than that of the strike price the put option will expire unexercised.

The buyer/holder of an option can make loss of not more than the option premium paid to the seller/writer but the possible gain is unlimited. On the other hand, the option seller/writer's maximum gain is limited to the option premium charged by him from the buyer/holder but can make unlimited loss.

#### Swaps:

The exchange of a sequence of cash flows that derive from two different financial instruments. For example, the party receiving fixed in an ordinary Interest Rate Swap receives the excess of the fixed coupon payment over the floating rate payment. Of course, each payment depends on the rate, the relevant day count convention, the length of the accrual period, and the notional amount.

The provision for trading in derivatives is an enabling provision and it is not binding on the Scheme to undertake trading on a day to day basis.

# Some of the derivative techniques/ strategies that may be used are:-

The scheme will use hedging techniques including dealing in derivative products – like futures and options, warrants, forward rate agreement (FRA) as may be permissible under SEBI (MF) Regulations.

The Mutual Fund would comply with the provisions of SEBI Circular Ref. No. DNPD/Cir-29/2005 dated September 14, 2005 and SEBI circular Ref. No. Cir/IMD/DF/11/ 2010 dated August 18, 2010 and such other amendments issued by SEBI from time to time while trading in derivatives.

Presently, the position limits for trading in derivatives by Mutual Fund specified by SEBI vide its circular Ref. No. DNPD/Cir-29/2005 dated September 14, 2005, circular Ref. No. DNPD/Cir-30/2006, dated January 20, 2006, September 22, 2006 and circular SEBI/HO/MRD/DP/CIR/P/2016 /143 dated December 27, 2016 are as follows:

**Position Limit:** The position limits for Mutual Funds and its schemes shall be under:

- a. Position limit for Mutual Funds in index options contracts:
  - The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
  - This limit would be applicable on open positions in all options contracts on a particular underlying index.
- b. Position limit for Mutual Funds in index futures contracts;
  - The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
  - This limit would be applicable on open positions in all futures contracts on a particular underlying index.
- c. Additional position limit for hedging:
  - In addition to the position limits at point (1) and (2) above, Mutual Funds may take exposure in equity index derivatives subject to the following limits.
  - Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
  - Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.
- d. Position limit for Mutual Funds for stock based derivative contracts:
  - The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).
  - The MWPL and client level position limits however would remain the same as prescribed.
- e. Position limit for each scheme of a Mutual Fund: The scheme-wise position limit requirements shall be:
  - For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
    - $\circ$  1% of the free float market capitalization (in terms of number of shares). Or
    - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
  - This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
  - For index-based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

#### Deployment of NFO Proceeds in Triparty Repo on government securities or treasury bill:

In terms of SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2016/ 42 dated March 18, 2016, NFO proceeds may be deployed in Triparty Repo on government securities or treasury bill before the closure of NFO period. However, no investment management and advisory fees will be charged on funds deployed in Triparty Repo on government securities or treasury bills during the NFO period. Further, the appreciation received from investment in Triparty Repo on government securities or treasury bills hall be passed on to the investors. In case the minimum subscription amount is not garnered by the scheme during the NFO

period, the interest earned upon investment of NFO proceeds in Triparty Repo on government securities or treasury bill shall be returned to investors, in proportion of their investments, alongwith the refund of the subscription amount.

# • REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

# C. RISK MITIGATION STRATEGIES:

The scheme may use various derivative products as permitted by the Regulations. Participating in derivatives is a highly specialized activity and entails greater than ordinary investment risks. Primarily, derivatives would be used for purpose of hedging and portfolio balancing.

The AMC has necessary framework in place for risk mitigation at an enterprise level. The Risk Management division is an independent division within the organization. Risk indicators & internal limits are defined and judiciously monitored on a regular basis. There is a Board level Committee, the Risk Management Committee of the Board, which enables a dedicated focus on risk factors and the relevant risk mitigation measures.

# Exposure limits as per provision no. 12.24.1 and 12.25.1 to 12.25.7 of para 12.24 and 12.25 under Chapter 12 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

- a. The cumulative gross exposure through equity, debt, derivative positions, repo transactions and such other securities/assets as may be permitted by SEBI from time to time should not exceed 100% of the net assets of the scheme.
- b. Mutual Funds shall not write options or purchase instruments with embedded written options.
- c. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
- d. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- e. exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
  - (i) Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
  - (ii) Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point a.
  - (iii) Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
  - (iv) The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
- f. Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
- g. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point a. **Definition of Exposure in case of Derivative Positions:**

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss.

Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

The basic characteristics of the scheme should not be affected by hedging the portfolio or part of the portfolio (including one or more securities) based on the weighted average modified duration.

**Explanation:** In case of long term bond fund, after hedging the portfolio based on the modified duration of the portfolio, the net modified duration should not be less than the minimum modified duration of the portfolio as required to consider the fund as a long term bond fund.

The interest rate hedging of the portfolio should be in the interest of the investors.

The AMC retains the right to enter into such derivative transactions as may be permitted by the Regulations from time to time. For risks associated with investments in derivatives investors are requested to refer to Risk Factors of this Scheme Information Document.

  - (iii) The weightage of the top three constituents of the index, cumulative shall not be more than 65% of the index.
  - (iv) The individual constituents of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

The Index Fund Issuer shall evaluate and ensure compliance to the aforesaid norms for all its Index Funds at the end of every calendar quarter.

The Index Fund Issuer shall ensure that the updated constituents of the Indices (for all its Index Funds) are available on the website of such Index Fund Issuers at all points of time.

#### 3. Debt and Money market in India

#### (i) Debt Instrument Characteristics:

A Debt Instrument is basically an obligation which the borrower has to service periodically and generally has the following features:

Face Value	: Stated value of the paper / Principal Amount
Coupon	: Zero; fixed or floating
Frequency	: Semi-annual; annual, sometimes quarterly

Maturity	: Bullet, staggered
Redemption	: FV; premium or discount
Options	: Call/Put
Issue Price	: Par (FV) or premium or discount

A debt instrument comprises of a unique series of cash flows for each paper, terms of which are decided at the time of issue. Discounting these cash flows to the present value at various applicable discount rates (market rates) provides the market price.

#### (ii) Debt Market Structure:

The Indian Debt market comprises of the Money Market and the Long Term Debt Market.

Money market instruments have a tenor of less than one year while debt market instruments typically have a tenor of more than one year.

**Money market instruments** are Commercial Papers (CPs), Certificates of Deposit (CDs), Treasury bills (T-bills), Repos, Inter-bank Call money deposit, Triparty Repos on Government Securities or treasury bill etc. They are mostly discounted instruments that are issued at a discount to face value.

Long Term Debt market in India comprises mainly of two segments viz., the Government securities market and the corporate securities market.

**Government securities** includes central, state and local issues. The main instruments in this market are Dated securities (Fixed or Floating) and Treasury bills (Discounted Papers). The Central Government securities are generally issued through auctions on the basis of 'Uniform price' method or 'Multiple price' method while State Govt. are through on-tap sales.

**Corporate debt** segment on the other hand includes bonds/debentures issued by private corporates, public sector units (PSUs) and development financial institutions (DFIs). The debentures are rated by a rating agency and based on the feedback from the market, the issue is priced accordingly. The bonds issued may be fixed or floating. The floating rate debt market has emerged as an active market in the rising interest rate scenario. Benchmarks range from Overnight rates or Treasury benchmarks.

Debt derivatives market comprises mainly of Interest Rate Swaps linked to Overnight benchmarks called MIBOR (Mumbai Inter Bank Offered Rate) and is an active market. Banks and corporate are major players here and Mutual Funds have also started hedging their exposures through these products.

(iii) Regulators: The RBI operates both as the monetary authority and the debt manager to the government. In its role as a monetary authority, the RBI participates in the market through open-market operations as well as through Liquidity Adjustment facility (LAF) to regulate the money supply. It also regulates the bank rate and repo rate, and uses these rates as indirect tools for its monetary policy. The RBI as the debt manager issues the securities at the cheapest possible rate. The SEBI regulates the debt instruments listed on the stock exchanges.

# (iv) Market Participants:

Given the large size of the trades, the debt market has remained primarily a wholesale market.

# **Primary Dealers**

Primary dealers (PDs) act as underwriters in the primary market, and as market makers in the secondary market.

#### Brokers

Brokers bring together counterparties and negotiate terms of the trade.

#### Investors

Banks, Insurance Companies, Mutual Funds are important players in the debt market. Other players are Trusts, Provident and pension funds.

#### (v) Types of Security Issuances and Eligible Investors

Issuer	Instruments	Indicative Yields % (as on 14.08.2024)	Maturity	Investors
Central Government	Dated Securities	6.74-7.03 (Semi)	1-30 years	Banks, Insurance Co, PFs, MFs, PDs, Individuals, FPI

# (vi) Trading Mechanism

### **Government Securities and Money Market Instruments**

Currently, G-Sec trades are primarily routed though NDS-OM which is a screen based anonymous order matching systems for secondary market trading in Government Securities owned by RBI. Corporate Debt is basically a phone driven market where deals are concluded verbally over recorded lines. The reporting of trade is done on the NSE Wholesale Debt Market segment.

# **B.** WHAT ARE THE INVESTMENT RESTRICTIONS?

Subject to SEBI (MF) Regulations, guidelines on investment from time to time:

- (a) Being an Index Fund, as per SEBI Regulations, Investments under the Scheme shall be in accordance with the weightage of the scripts in the Benchmark Index.
- (b) The Scheme shall only invest in equity shares or equity related instruments which are listed or to be listed.

- Index rebalancing will be done on a semi-annual basis in June and December.
- Stocks that moved out of the Nifty 200 at the time of review shall also move out of the index
- Top 10 ranked stocks on the basis of quality score are compulsorily included in the index, whereas existing stocks in the index whose rank goes beyond 50 are compulsorily excluded from the index
- Apart from the scheduled semi-annual review, additional ad-hoc reconstitution and rebalancing of the index shall be initiated in case any of the index constituents undergoes suspension or delisting or scheme of arrangement
- Further, on a quarterly basis, indices will be screened for compliance with the portfolio concentration norms for ETFs/ Index Funds announced by SEBI on January 10, 2019. In case of non-compliance of any of the stated norms, suitable corrective measures such as replacement of ineligible stock, re-alignment of constituent weights will be undertaken depending upon the nature of non-compliance to ensure the compliance of norms.

# **Tracking Error:**

Performance difference between the scheme and the underlying index may arise as a result of several factors including:

- i. Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sales proceeds and in receiving cash and stock dividends resulting in further delays in reinvesting them.
- ii. Any costs associated with the establishment and running of the scheme including costs on transactions relating to investment, re-composition and other operating cost.
- iii. Underlying index consider the prices of shares at close of business hours. However, the scheme may be able to buy or sell shares at different points of time during the trading session at the then prevailing prices, which may not correspond to the closing prices.
- iv. Significant changes in the composition of the index, may involve inclusion of new securities in the indices in which event while the scheme will endeavor to balance its portfolio it may take some time to precisely mirror the indices.
- v. The holding of a cash position and accrued dividend prior to distribution and accrued expenses.
- vi. Dis-investments to meet exits of investors, recurring expenses, etc. as elsewhere indicated in this Scheme Information Document.

We are complying with following norms for Portfolio Concentration for Index Fund as specified under the provision no. 3.4.1 & 3.4.2 of para 3.4 under Chapter 3 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

- i. The Index shall have a minimum of 10 stocks as its constituents.
- ii. For a sectoral /thematic index, no single stock shall have more than 35% weight in the index. For other than sectoral / thematic indices, no single stock shall have more than 25% weight in the index.
- iii. The weightage of the top three constituents of the index, cumulative shall not be more than 65% of the index.iv. The individual constituents of the index shall have a trading frequency greater than or equal to 80% and an
- average impact cost of 1% or less over previous six months.

Treatment of the Folios without KYC/PAN/PEKRN (PAN exempted KYC Reference Number)
Investors are requested to note that PAN/PEKRN/KYC is mandatory for all financial transactions such as purchase /redemption/switch/systematic transactions etc. and also for non-investor initiated transactions such as dividend w.e.f. April 1, 2023. Unitholders of such non KYC compliant/non PAN/PEKRN folio's shall be able to (permitted to) lodge grievance or avail service request only after furnishing the above details. The payout of dividend will be made to such investors after updation of KYC/PAN/PEKRN details.
Requirement of Permanent Account Number (PAN) in respect of Non-PAN Exempt Folios for Redemption & Mandatory updation of Know Your Customer (KYC) requirements for processing of mutual fund transactions
All Investors (including existing folios) of Non-PAN Exempt folios of UTI Mutual Fund Schemes are required to provide the PAN of the holder/s/guardian/claimant at the time of redemption, if PAN is not already registered in the folio.
The requirement of PAN is applicable to all the redemptions and new Systematic Withdrawal Plan (SWP) Registrations. Investors who are submitting the PAN together with the redemption request will receive redemption payment only after the validation of PAN.
Further, it is reiterated that, it is mandatory to complete the KYC requirements for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor.
Accordingly, all new or additional requests for financial transactions (including redemptions, switches, etc.) will be processed only if the unit holders are KYC complied or have submitted duly filled KYC application form along with necessary documents and PAN.

	<ul> <li>Redemption proceeds to NRI investors:</li> <li>NRI investors shall submit Foreign Inward Remittance Certificate (FIRC) along with Broker contract note of the respective broker through whom the transaction was effected, for releasing redemption proceeds. Redemption proceeds shall not be remitted until the aforesaid documents are submitted and the AMC/Mutual Fund/Registrar shall not be liable for any delay in paying redemption proceeds. In case of non-submission of the aforesaid documents, the AMC reserves the right to deduct the tax at the highest applicable rate without any intimation by AMC/Mutual Fund/Registrar.</li> <li>Repatriation:</li> <li>Repatriation benefits would be available to NRIs/PIOs/FIIs, subject to applicable Regulations notified by Reserve Bank of India from time to time. Repatriation of these benefits will be subject to applicable deductions in respect of levies and taxes as may be applicable in present or in future.</li> <li>Exit load on death of an unitholder:</li> <li>In the case of the death of an unitholder, no exit load (if applicable) will be charged for redemption of units by the claimant under certain circumstances and subject to fulfilling of prescribed procedural requirements. For further details regarding settlement of death claim refer to SAI.</li> </ul>
Bank Mandate	For further details in this regard, please refer to SAI. In order to reduce the risk of frauds and operational risks and thereby protect the interests of the Unit holders/Investors from fraudulent encashment of redemption proceeds, Investors are required to submit any of the prescribed documents (along with original document for verification) in support of the bank mandate mentioned in the application form for subscription under a <b>new folio</b> , in case these details are not the same as the bank account from which the investment is made.
	Any application for subscription of units may be rejected if such application does not comply with the above requirements and AMC may refund the subscription amount to the bank account from where the investment was made and shall not be liable for any such rejection/refund.

С	<b>For both Individual and Non-Individual Investors</b> For 'KYC-On-Hold' cases, investor need to submit missing information or update pending KYC related information so as to enable AMC to process purchase transaction (whether fresh or additional) and switches
	In terms of the Prevention of Money Laundering Act, 2002, the Rules issued there under and the guidelines/circulars issued by SEBI regarding the Anti Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to formulate and implement a client identification i.e. Know Your Customer. programme, verify and maintain the record of identity and address(es) of investors. The need to Know Your Customer (KYC) is vital for the prevention of money laundering. The Trustee / AMC may seek information or obtain and retain documentation used to establish identity. It may reverify identity and obtain any missing or additional information for this purpose.

	The Trustee / AMC shall have absolute discretion to reject any application or prevent further transactions by a Unit holder, if after due diligence, the Investor / Unit holder / a person making the payment on behalf of the Investor does not fulfill the requirements of the KYC. If after due diligence the Trustee / AMC has reason to believe that any transaction is suspicious in nature as regards money laundering, the AMC shall report such transactions to competent authorities under PMLA and rules/guidelines issued thereunder by SEBI, furnish any such information in connection therewith to such authorities and take any other actions as may be required for the purposes of fulfilling its obligations under PMLA and rules/ guidelines issued thereunder without obtaining prior approval of the Unitholder/any other person. In this connection the Trustee / AMC reserves the right to reject any such application at its discretion.
	Investors desiring to invest / transact in mutual fund schemes are required to mandatorily furnish PAN (PAN of the guardian in case minor does not have a PAN) and comply with the KYC norms applicable from time to time.
	Under the KYC norms, Investors are required to provide prescribed documents for establishing their identity and address including in case of non-individuals copy of the Memorandum and Articles of Association / bye-laws/trust deed/partnership deed/ Certificate of Registration along with the proof of authorization to invest, as applicable, to the KYC Registration Agency (KRA) registered with SEBI. The Fund / AMC / Trustees / other intermediaries will rely on the declarations/affirmations provided by the Investor(s) in the Application/Transaction Form(s) and the documents furnished to the KRA that the Investor(s) is permitted/ authorised by the Constitution document/ their Board of Directors etc. to make the investment / transact. Further, the Investor shall be liable to indemnify the Fund / AMC / Trustee / other intermediaries in case of any dispute regarding the eligibility, validity and authorization of the transactions and / or the applicant who has applied on behalf of the Investors. The Fund / AMC / Trustee reserves the right to call for such other information and documents as may be required by it in connection with the investments made by the investor.
	Where the Units are held by a Unit holder in breach of any Regulations, AMC / the Fund may effect compulsory redemption of such units.
	Note:- Investor are requested to take note that it is mandatory to complete the KYC requirements (including updation of Permanent Account Number) for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor. Accordingly, financial transactions (including redemptions, switches and all types of systematic plans) and non-financial requests are liable to be rejected, if the unit holders have not completed the KYC requirements. Notwithstanding in the above cases, the AMC reserves the right to ask for any requisite documents before processing of financial and non-financial transactions or freeze the folios as appropriate. Unit holders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at the point of acceptance. Further, upon updation of PAN details with the KRA (KRA-KYC)/ CERSAI (CKYC), the unit holders are requested to intimate us/our Registrar and Transfer Agent their PAN information along with the folio details for updation in our records.
	For further details on KYC requirements to be complied with by the Investors, please refer to SAI.
Details under Foreign Account Tax Compliance provisions (commonly known as FATCA) /	FATCA is United States (US) Federal Law, aimed at prevention of tax evasion by US citizens and residents ("US persons" as defined in the applicable extant laws of the United States of America) through use of offshore accounts. FATCA provisions are part of Hiring Incentives to Restore Employment (HIRE) Act,

Foreign Tax Laws and Common Reporting Standard (CRS)	enacted by US Legislature. Under FATCA, withholding tax may be levied on certain US source income/receipt of the Schemes of the Mutual Fund, unless they are FATCA compliant.
	FATCA obligates foreign financial institutions (FFIs), including Indian financial institutions to provide the US Internal Revenue Service (IRS) with information and to report on the accounts held by specified US Persons as well as passive NFFEs in which controlling interest is held by specified US person. The term FFI is defined widely to cover a large number of non-US based financial service providers, such as mutual funds, depository participants, brokers, custodians, as well as banks. FATCA requires enhanced due diligence processes by the FFI so as to identify US reportable accounts.
	<ul> <li>The identification of US person will be based on one or more of following "US indicia"-</li> <li>Identification of the Account Holder as a US citizen or resident;</li> <li>Unambiguous indication of a US place of birth;</li> <li>Current US mailing or residence address (including a US post office box);</li> <li>Current US telephone number;</li> </ul>
	<ul> <li>Standing instructions to transfer funds to an account maintained in USA;</li> <li>Current effective power of attorney or signing authority granted to a person with a US address; or</li> <li>An "in-care of" or "hold mail" address that is the sole address that the Indian Financial Institution has on the file for the Account Holder.</li> </ul>
	FATCA due diligence will be applicable to each unit holder (including joint holders) irrespective of the country of residence/citizenship, and on being identified as reportable person/specified US person, all folios/accounts will be reported. Such information may include (not limited to) their identity, direct or indirect beneficiaries, beneficial owners and controlling persons. Unit holders will therefore be required to comply with the request of the AMC / Fund to furnish such information as and when deemed necessary by the AMC / Fund in accordance with the Applicable Laws.
	FATCA provisions are relevant not only at on-boarding stage of unit holders but also throughout the life cycle of investment with the Mutual Fund. Unit holders therefore should immediately intimate to the Fund/the AMC, any change in their status with respect to FATCA related declaration provided by them previously.
	In case unit holder / investor fails to furnish the relevant information and/or documentation in accordance with the Applicable Laws, the AMC / Fund reserves the right to reject the application or redeem the units held directly or beneficially and may also require reporting of such accounts/levy of withholding tax on payments made to investors. Prospective investors / Unit holders should consult their own advisors to understand the implications of FATCA provisions/requirements. The AMC reserves the right to change/modify the provisions mentioned at a later date.
	Common Reporting Standard (CRS) – The New Global Standard for Automatic Exchange of Information
	On similar lines as FATCA, the Organisation of Economic Development (OECD), along with the G20 countries, of which India is a member, has released a "Standard for Automatic Exchange of Financial Account Information in Tax Matters", in order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, requiring cooperation amongst tax authorities. The G20 and OECD countries have together developed a Common Reporting Standard (CRS) on Automatic Exchange of Information (AEOI).

	All Applicants whose country of tax residence is not India shall fill in the prescribed FATCA & CRS Form.
	AMC reserves right to reject the application in case the applicant / investor fails to submit information /documentation for any of the above.
MF Utility for Investors	Please refer to Instructions given in the FATCA/CRS Form before filling in the particulars and for further details relating to FATCA/CRS, refer to SEBI Circular Nos. CIR/MIRSD/2/2015 dated 26 <sup>th</sup> August 2015 & CIR/MIRSD/3 /2015 dated 10 <sup>th</sup> September 2015 and guidelines /circulars issued by SEBI from time to time. UTI AMC Ltd has entered into an agreement with MF Utilities India Private Ltd (MFUI) for usage of MF Utility (MFU), a shared service initiative of various Asset Management Companies, which acts as a transaction aggregation portal for transacting in multiple Schemes of various Mutual Funds with a single form and
	a single payment instrument through a <u>Common Account Number (CAN)</u> . Accordingly, all financial and non-financial transactions pertaining to the Scheme is available through MFU either electronically on <u>www.mfuonline.com</u> as and when such a facility is made available by MFUI or physically through authorized Points Of Service ("POS") of MFUI with effect from the respective dates as published on MFUI website against the POS locations. However, all such transactions shall be subject to the eligibility of investors, any terms and conditions and compliance with the submission of documents and procedural requirements as stipulated by UTI MF/UTI AMC from time to time in addition to the conditions specified by MFU, if any.
	The online portal of MFUI i.e. <u>www.mfuonline.com</u> and the POS locations aforesaid shall act as Official Points of Acceptance (OPAs) in addition to the existing OPAs of the UTI AMC Ltd and any transaction submitted at such POS will be routed through MFUI or as may be decided by UTI AMC. Investors not registered with MFUI also can submit their transactions request by giving reference to their existing folio number. All valid applications received for any other scheme apart from eligible schemes as stated above may be accepted by UTI AMC at its own discretion.
	The uniform cut off time as prescribed by SEBI shall be applicable for applications received by MFUI. The units will be allotted as per the closing NAV of the day on which the funds are available for utilization.
	For further details regarding procedures for obtaining CAN and other particulars about MFU etc., please refer SAI. Investors may also contact the nearest POS aforesaid for procedures to be complied with in this regard.
MF Central	As per the provisions of para 16.6 under Chapter 16 of SEBI Master Circular for Mutual Funds dated June 27, 2024, to comply with the requirements of RTA inter- operable Platform for enhancing investors' experience in Mutual Fund transactions / service requests, the Qualified RTAs, currently, KFin Technologies Limited ("KFintech") and Computer Age Management Services Limited ("CAMS") have jointly developed MFCentral – A digital platform for Mutual Fund investors (hereinafter referred to as "MFCentral" or "the Platform").
	MFCentral is created with an intent to be a one stop portal /mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / physical services to Mutual fund investors across fund houses subject to applicable Terms and Conditions of the Platform. MFCentral will be enabling various features and services in a phased manner. MFCentral may be accessed using https://mfcentral.com/ and a Mobile App in future.

	Any registered user of MFCentral, requiring submission of physical document as		
	per the requirements of MFCentral, may do so at any of the DISCs or collection		
	centres of Kfintech or CAMS.		
Friend in Need	"Friend in Need" facility is introduced for the Individual investors (Resident as well as Non-resident) of UTI MF under the scheme, whereby there is an option to furnish the contact details including name, address, relationship, telephone number and email ID of any person other than the applicant/s and nominee. This will facilitate obtaining the latest contact details of the investors, if UTI MF is unable to establish contact with the investors.		
	For further details, please refer to SAI.
